A QUOTE OF NOTE ABOUT

Evolution

"Darwin admitted that millions of 'missing link,' transitional life forms, would have to be discovered in the fossil record to prove the accuracy of his theory that all species had gradually evolved by chance mutation into new species. Unfortunately for his theory, despite hundreds of millions [of dollars] spent on searching for fossils worldwide for more than a century, the scientists have failed to locate a single missing link out of the millions that must exist if their theory of evolution is to be vindicated."

Grant R Jeffery,
The Signature of God

The King James Bible contrasted with the New International Version

Where will Lucifer end up for all eternity?

KJB - Isaiah 14:15 *"Yet thou shalt be brought down to hell, to the sides of the pit."*

NIV - Isaiah 14:15 *"But you are brought down to the grave, to the depths of the pit."*

The grave? Everybody, saved or unsaved ends up there.

Origin of Memorial Day

In 1867 women at Columbus, Mississippi, decorated the graves of dead soldier heroes of both the North and the South. It inspired that noble poem, "The Blue and the Gray."

There began a widespread feeling that a special day should be set apart for paying tribute to those who had given their lives in the Civil War. And so General John A Logan, commander of the Grand Army of the Republic, issued an order designating May 30, 1868, for "Strewing with flowers or other decorations the graves of comrades who died in defense of their country, and whose bodies now lie in most every city, village, or hamlet church yard in the land."

The observance for the day soon became national. In 1874 Congress made it a legal holiday.
